

IMPROVE YOUR BUSINESS TODAY!

ChiroSoft is more than just a software vendor; we are introducing a new way to use electronic billing. We have made it more affordable and offer more features that integrate directly with your ChiroSoft software.

Electronic Billing Benefits

- * **Faster Turnaround Time** (*electronically submitted claims usually have a 72 hour claim response for an approval or denial*)
- * **Cost of Paper Billing Compared to Electronic Billing** (*printing HCFA/CMS forms, postage, time spent manually preparing, and calling insurance company to verify status*)
- * **Quicker Payments** (*claims often get approved the first time submitted to the insurance company*)

Why Use Forté Electronic Billing?

- * **Billing Training** (*included with each subscription!*)
- * **Claims Support** (*access to our Toll-Free live-answer call center; Monday through Friday 6am - 5pm PST*)
- * **"One-Stop-Shop"** (*contact ChiroSoft for any claims related question which will eliminate the need to call back and forth between multiple companies*)
- * **Network of Payers** (*over 2000 insurance companies in our electronic billing network*)
- * **Integration Within Your ChiroSoftBilling Software** (*send claims directly through your billing/practice management software*)
- * **Claims Records** (*all claims related information will be available in one area*)

We offer a variety of options to fit the need of every clinic!
